MANUFACTURERS ALLIANCE™

Your Customers Are Already Coming

Will You Be There?

MPT Expo 2027 is where the gear industry and bearing industries come to do business. It is the only tradeshow for the power transmission supply chain with the niche focus on precision internal components in motion and power. Engineers, buyers, and decision-makers will be on the show floor looking for solutions — make sure yours are front and center.

Reserve your booth today before prime space is gone.

EXHIBIT RATES

This show remains one of the most affordable shows in the U.S. It offers incredible ROI. On average, exhibitors save \$5-\$20/sqft and thousands with more affordable labor, union, and exclusive hotel rates compared with larger shows in cities like Chicago and Las Vegas.

RATES

MPMA Member Companies:	Non-Member Rate
\$26.50/ft ²	\$30.50/ft ²

Liability: 30% due by Mar. 9, 2026, 60% due by Nov. 6, 2026 and 100% due by Mar. 8, 2027.

2

Digital and print listing of your company on websites, newsletters, and in print publications

3

Pipe and drape to mark the space

4

Exhibitor badges for your staff

CUSTOMERS ARE LOOKING FOR YOUR SOLUTIONS NOW MORE THAN EVER:

- Automation Systems
- Battery Systems
- Component Suppliers
- Connectors/Cables
- Control Systems
- Cutting Tools, Workholding, and Related Products
- Design and Simulation Software
- Electric Motors
- Electrical Power Transmission Products
- Gearboxes/Enclosed Drives
- Gear Products
- IIoT Solution Providers
- Industrial Hydraulic Products
- Machine Tools
- Material Suppliers
- Mobile Hydraulic Products
- Motion Control Systems
- Pneumatic Products
- Pumps
- Robotics Manufacturers
- Sensors and Monitoring
- Water Hydraulic Products

MPT EXPO ATTENDEES COME FROM:

- 3M
- Bell Flight
- Boeing
- Caterpillar
- Collins Aerospace
- Daimler
- Detroit Diesel
- Exxon Mobile Research and Engineering
- Fiat Chrysler
- Ford Motor Co.
- General Dynamics
- General Motors
- Harley-Davidson, Inc.
- Honda
- Honeywell
- John Deere
- Kawasaki
- Mercury Marine
- NASA Glenn Research Center
- Northrup Grumman
- Northstar Aerospace
- Rivian
- Rolls-Royce Corp.
- SpaceX
- Tesla
- Toyota

Why Detroit?

As an international hub for manufacturing, home to the automotive giants and a legacy of industrial innovation spanning over a century, Detroit speaks the language of the factory floor like no other city in the world. MPT Expo exhibitors benefit from an audience deeply embedded in the gear and bearing ecosystem, ensuring meaningful conversations and serious buyers at every booth.

CITY PERKS FOR EXHIBITORS

Visibility

Central U.S. location draws a diverse, nationwide audience

Access

Two major airports with global connections

Capacity

40,000+ hotel rooms near McCormick Place

Transit

Convenient shuttles, rideshare, and public transport

Venue

North America's largest convention center

Energy

A city buzzing with business and innovation

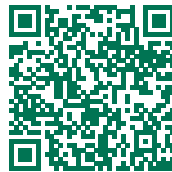

MOTION + POWER

MANUFACTURERS ALLIANCE™

Join MPMA

MPT Expo is managed by the Motion + Power Manufacturers Alliance (MPMA), the industry authority formed in 2025 through the merger of the American Gear Manufacturers Association (AGMA) and the American Bearing Manufacturers Association (ABMA).
